# 1. Introduction

- **What is To-do List?**

To-Do List project is an application specially built to keep track of errands or tasks that need to be done. This application will be like a task keeper where the user would be able to enter the tasks that they need to do.

- **Problem Identified :**

People are finding it harder to remember and manage daily tasks in this fast-paced world.

## **Solution Proposed :**

- 1] To-Do List project is an application specially built to keep track of errands or tasks that need to be done.
- 2] By creating a to-do list app, users can create and manage their daily tasks more easily.

## 2. Objectives

1. To make sure that your tasks are written down all in one place so you don't forget anything important.
2. To do lists come in all shapes and sizes.
3. To provide the ability to plan your workflow.

# 3. Scope

To-do list has its following functions:

- Organization of a proper work with an accurate planning of every task with its short description.
- Simplify the workflow and a timely execution of necessary work scope.
- Improvement of every employee's productivity and time management skills.

## **4. Feature /Functionality**

- 1] Adding numerous tasks
- 2] Deleting single tasks upon Completion
- 3] Deleting all tasks together
- 4] Display the list of tasks
- 5] Tasks/data getting stored in the Database

## **5. Outcome of Project**

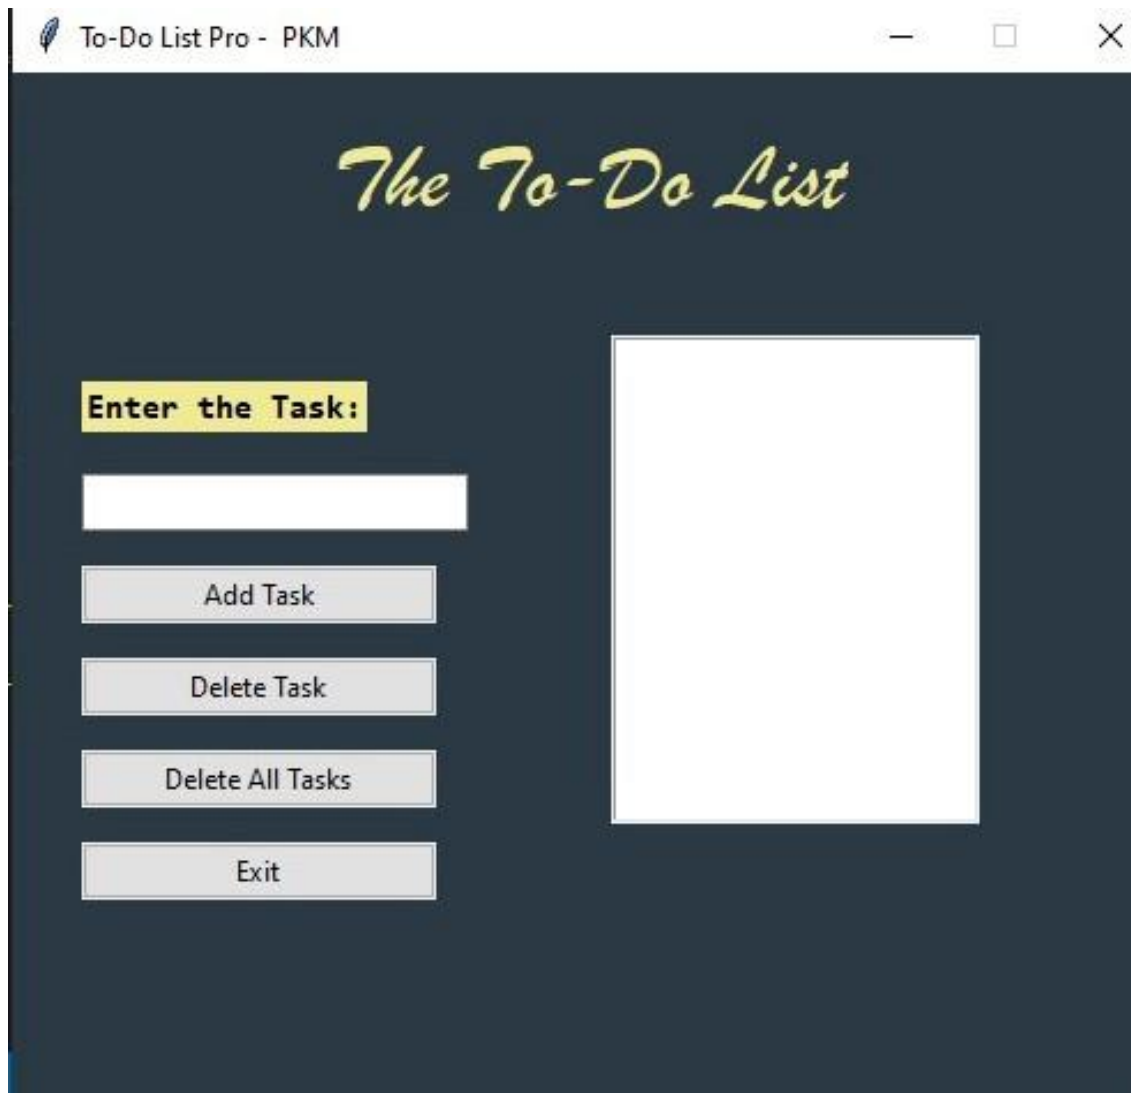

- Increases Productivity
- Helps in organizing tasks
- Improves a person's day to day life
- Decreases Procrastination

# 6. Technology Stack

1. Python Tkinter (GUI)
2. MySQL (To store the user data)

# 7.To Do List

The screenshot shows a desktop application window titled "To-Do List Pro - PKM". The window has a dark blue background. At the top center, the title "The To-Do List" is written in a yellow, cursive font. On the left side, there is a yellow rectangular label with the text "Enter the Task:". Below this label is a white rectangular input field. Underneath the input field are four gray buttons with white text, stacked vertically: "Add Task", "Delete Task", "Delete All Tasks", and "Exit". To the right of these buttons is a large, empty white rectangular box, likely intended for displaying the list of tasks.
